

**Genoa Township  
Fire Sub-Station Survey**

March 2011

## Table of Contents

<b>Project Specifications</b> .....	<b>1</b>
<b>Summary Tabulations</b> .....	<b>4</b>
<b>Responses to Open-Ended Questions</b> .....	<b>15</b>
Reasons for needing another fire station .....	16
Reasons for not needing another fire station .....	18
Reasons to support building a fire sub-station east of the reservoir .....	25
Reasons to oppose building a fire sub-station east of the reservoir .....	38
<b>Cross-Tabulations A</b> .....	<b>41</b>
<b>Cross-Tabulations B</b> .....	<b>77</b>
<b>Questionnaire</b> .....	<b>113</b>

## **Project Specifications**

## Project Specifications

<b>Respondents</b> .....	Registered voters in Genoa Township
<b>Interviewing dates</b> .....	Monday, March 14, to Monday, March 21, 2011
<b>Type of survey</b> .....	Telephone
<b>Number of interviews</b>	
Random total .....	302
West .....	276
East random .....	26
East oversample .....	75*
<b>Sampling error</b> .....	+/- 5.6 percentage points at the 95% level of confidence
<b>Average length</b> .....	Seven minutes
<b>Interviews conducted by</b> .....	Saperstein Associates, Inc.
<b>Sample developed by</b> .....	Saperstein Associates, Inc. using the Delaware County Registered Voter Database, dated February 16, 2011, and Survey Sampling, Inc.

### Note:

\*The east oversample data were weighted to better reflect known population parameters.

### Sample Disposition

Total numbers dialed	2,485	100%
Not a household	185	7%
Household	2,300	93%
	↳	
Total households	2,300	100%
Person not contacted	1,007	44%
Person contacted	1,293	56%
	↳	
Total persons contacted	1,293	100%
Person not eligible	328	25%
Person refused	351	27%
Person scheduled callback (not completed)	237	18%
Person completed interview	377	30%

## Summary Tabulations

**Genoa Township Fire Sub-Station Survey**  
(Random Total n = 302; West n = 276; East n = 101\*)

1. Hello. May I speak with \_\_\_\_\_, please?
2. Hello, (Mr. / Ms.) \_\_\_\_\_?
3. My name is \_\_\_\_\_. I'm calling from Saperstein Associates, an opinion research firm here in central Ohio. We are conducting a scientific survey about issues important to residents of Genoa Township – and you have been randomly selected to participate. This is not a sales call; we are interested only in your opinions. Is this a convenient time to conduct an interview? I need about ten minutes.
4. Thank you. Here's my first question: When you think of problems or issues facing your community, what should your local public officials consider their highest priority?

Random			
<u>Total</u>	<u>West</u>	<u>East</u>	
25%	27%	21%	Crime, drugs, gangs, violence, police protection
13%	13%	13%	Taxes
<b>11%</b>	<b>11%</b>	<b>10%</b>	<b>Ensure that fire protection is adequate</b>
10%	10%	6%	Education, schools
9%	9%	10%	Government growth, budget, and operation issues
8%	8%	9%	Growth and development, traffic
6%	5%	6%	Economy, jobs, unemployment
4%	5%	10%	Roads and infrastructure maintenance
2%	3%	4%	Listening to community members
<b>1%</b>	<b>1%</b>	<b>4%</b>	<b>Need more fire protection</b>
5%	4%	7%	Other (each less than 3%)
22%	23%	19%	DK / RF

5. If A is excellent, B good, C average, D poor, and F is failing, what letter-grade would you give Genoa Township as a place to live?

Random			
<u>Total</u>	<u>West</u>	<u>East</u>	
58%	59%	52%	A (excellent)
39%	38%	44%	B (good)
3%	2%	4%	C (average)
<1%	<1%	0%	D (poor)
0%	0%	0%	F (failing)
3.5	3.6	3.5	GPA

\*The east oversample data were weighted to better reflect known population parameters.  
SOURCE: Saperstein Associates, Inc., March 2011, 11014

6. Here is a short list of services Genoa Township provides local residents. As I mention each one, rate the township in that area, again, by choosing a letter-grade from A to F. Okay? Here's the first one ...

	A	B	C	D	E	DK RF	GPA
a. Police services							
Random Total .....	69%	24%	4%	1%	<1%	2%	3.6
West .....	70%	24%	3%	<1%	<1%	2%	3.7
East .....	60%	27%	8%	1%	0%	4%	3.5
b. Fire services							
Random Total .....	71%	20%	2%	0%	0%	7%	3.8
West .....	73%	19%	1%	0%	0%	7%	3.8
East .....	61%	20%	7%	0%	0%	12%	3.6
c. Maintenance of the township's roads and bridges							
Random Total .....	37%	51%	8%	3%	0%	<1%	3.2
West .....	39%	49%	8%	3%	0%	<1%	3.3
East .....	26%	53%	17%	4%	0%	0%	3.0
d. Maintenance of the township's parks and open spaces							
Random Total .....	57%	34%	3%	<1%	0%	6%	3.6
West .....	57%	34%	4%	<1%	0%	5%	3.6
East .....	53%	34%	3%	0%	0%	10%	3.6

7. These next few questions deal, again, with the township's fire services. First, as far as you know, how many fire stations are located in Genoa Township?

Random Total	West	East	
71%	70%	69%	One
16%	16%	18%	More than one
13%	14%	13%	DK / RF

8. As far as you know, where in Genoa Township (is that fire station / are those fire stations) located? And, please be as specific as possible.

Random Total	West	East	
63%	64%	48%	State Route 3 and Big Walnut
13%	12%	23%	3C Highway and Big Walnut
16%	15%	11%	Response was close, but not exact (e.g., north of Freeman Road; somewhere on Big Walnut)
7%	7%	17%	Incorrect response
18%	19%	15%	DK / RF

9. In your opinion, is there a need in Genoa Township for another fire station, or not?

Random Total	West	East		
<b>14%</b>	<b>13%</b>	<b>22%</b>	<b>Yes</b>	
5%	5%	9%	Yes, definitely	(GO TO 10a)
9%	8%	13%	Yes, probably	(GO TO 10a)
<b>55%</b>	<b>55%</b>	<b>52%</b>	<b>No</b>	
37%	36%	34%	No, probably	(GO TO 10b)
18%	19%	18%	No, definitely	(GO TO 10b)
<b>31%</b>	<b>32%</b>	<b>26%</b>	<b>DK / RF</b>	(SKIP TO 11)

10a. Why do you feel that way; in other words, why do you feel that another fire station is needed in Genoa Township? (see: Responses to Open-Ended Questions, Page 16, for detail)

Random Total (n=43)	West (n=35)	East (n=22)	
56%	66%	22%	Genoa Township population is growing / more fires occur
23%	14%	57%	East side needs it / east side response time is too slow
19%	20%	22%	Response time is too slow (no mention of east side)
5%	3%	14%	Bridge may not be accessible to the east side of reservoir
2%	3%	0%	DK / RF

10b. Why do you feel that way; in other words, why do you feel that another fire station is not needed in Genoa Township? (see: Responses to Open-Ended Questions, Page 18, for detail)

Random Total (n=165)	West (n=153)	East (n=53)	
39%	39%	47%	No need / response times are adequate
27%	28%	21%	Township has small population / few fires occur
24%	25%	14%	Need more information / haven't seen a need, but might be needed
11%	11%	12%	Outlying areas can get help from nearby townships
9%	9%	15%	Don't want more taxes / costs money to build and operate
6%	7%	8%	Wouldn't benefit me / I already live near a fire station
2%	2%	4%	DK / RF

11. If another fire station were to be built, where in the township would you think it should be?

Random Total	West	East	
13%	9%	38%	East side of reservoir
19%	20%	16%	Other location
68%	71%	46%	DK / RF / wherever it is needed

12. Would you support or oppose a decision by township trustees to build a fire sub-station in the township, east of Hoover Reservoir?

Random Total	West	East		
<b>54%</b>	<b>54%</b>	<b>51%</b>	<b>Support</b>	
13%	13%	14%	Support strongly	(SKIP TO 14a)
41%	41%	37%	Support moderately	(SKIP TO 14a)
<b>27%</b>	<b>28%</b>	<b>35%</b>	<b>Oppose</b>	
16%	18%	11%	Oppose moderately	(GO TO 13)
11%	10%	24%	Oppose strongly	(GO TO 13)
<b>19%</b>	<b>18%</b>	<b>14%</b>	<b>DK / RF</b>	(GO TO 13)

13a. And, would you support or oppose that decision if you knew that building a fire sub-station would not require any new taxes, instead would use money from the township's general fund and fire fund?

Random Total (n=137)	West (n=127)	East (n=49)		
<b>53%</b>	<b>55%</b>	<b>28%</b>	<b>Support</b>	
9%	9%	0%	Support strongly	(GO TO 14a)
44%	46%	28%	Support moderately	(GO TO 14a)
<b>33%</b>	<b>32%</b>	<b>56%</b>	<b>Oppose</b>	
17%	16%	24%	Oppose moderately	(GO TO 14b)
16%	16%	32%	Oppose strongly	(GO TO 14b)
<b>14%</b>	<b>13%</b>	<b>16%</b>	<b>DK / RF</b>	(SKIP TO 15)

13b. And, would you support or oppose that decision if you knew that building a fire sub-station would not require any new taxes, instead would use money from the township's general fund and fire fund? (ALL RESPONDENTS)

Random Total	West	East	
<b>79%</b>	<b>80%</b>	<b>65%</b>	<b>Support</b>
17%	18%	14%	Support strongly
62%	62%	51%	Support moderately
<b>15%</b>	<b>14%</b>	<b>27%</b>	<b>Oppose</b>
8%	7%	12%	Oppose moderately
7%	7%	15%	Oppose strongly
<b>6%</b>	<b>6%</b>	<b>8%</b>	<b>DK / RF</b>

14a. Why would you **support** a decision to build a fire sub-station in Genoa Township, east of the reservoir? (see: Responses to Open-Ended Questions, Page 25, for detail)

Random Total (n=238)	West (n=219)	East (n=66)	
45%	45%	58%	It is needed / response time to east side is not adequate
15%	16%	8%	Need more information on why it is needed, not specified
13%	13%	7%	Won't raise taxes / will use current funds
12%	11%	18%	Genoa Township population is growing / more fires occur
11%	12%	2%	Trust township leaders / if they say it is needed, then it is
9%	8%	9%	Need more information on current response time
7%	6%	9%	Bridges may not be accessible
4%	3%	8%	Need more information on if it would increase taxes later
3%	2%	2%	Helps real estate values
3%	3%	7%	Need more information on east side population size
2%	<1%	19%	I would benefit directly / I live in or near east side
2%	2%	3%	Need more information on township boundaries
1%	1%	0%	Provides jobs / helps economy
2%	2%	3%	DK / RF

14b. Why would you **oppose** a decision to build a fire sub-station in Genoa Township, east of the reservoir? (see: Responses to Open-Ended Questions, Page 38, for detail)

Random Total (n=45)	West (n=40)	East (n=28)	
38%	38%	42%	Will raise taxes in the future to operate or maintain it
31%	25%	45%	No need / response time is adequate
22%	20%	25%	Poor use of funds / other issues are a higher priority
13%	15%	8%	East side is too small / not many houses or fires
11%	13%	0%	Need more information on why it is needed, not specified
9%	10%	3%	I don't trust city leaders
7%	5%	13%	East side can get help from nearby townships
4%	5%	0%	Need more information on township boundaries
2%	3%	0%	It doesn't benefit me / I live on the west side
2%	3%	0%	Need more information on current response time
2%	3%	0%	Need more information on east side population size

15. Now, let me ask you this: If you had a fire emergency, how long would it take for a fire truck to get to your home?

Random Total	West	East		
45%	49%	20%	Fewer than five minutes	(GO TO 16)
33%	33%	27%	Five minutes	(GO TO 16)
18%	14%	50%	More than five minutes	(GO TO 16)
4%	4%	3%	DK / RF	(SKIP TO 17)
4.8	4.5	7.2	Mean	

16. Though you may not know for sure, how does that response time compare with the average response time nationally: would you say faster, slower, or about the same?

Random Total (n=289)	West (n=265)	East (n=98)	
<b>64%</b>	<b>66%</b>	<b>35%</b>	<b>Faster</b>
31%	32%	21%	Much faster than the national average
33%	34%	14%	A little faster than the national average
<b>3%</b>	<b>3%</b>	<b>10%</b>	<b>Slower</b>
1%	1%	8%	A little slower than the national average
2%	2%	2%	Much slower than the national average
<b>21%</b>	<b>21%</b>	<b>27%</b>	<b>About the same</b>
<b>12%</b>	<b>10%</b>	<b>28%</b>	<b>DK / RF</b>

17. Finally, a few questions about you and your household. First, for how many years have you been living at your current address?

Random Total	West	East	
29%	30%	22%	Fewer than six years
36%	38%	20%	Six to ten years
24%	23%	25%	11 to 15 years
11%	9%	33%	More than 15 years
9.7	9.3	14.6	Mean

18. During that time, have any of the township's fire trucks or ambulances been dispatched to your home?

Random Total	West	East	
<b>31%</b>	<b>30%</b>	<b>49%</b>	<b>Yes (net)</b>
16%	17%	35%	Yes, fire truck
23%	22%	31%	Yes, ambulance
<b>69%</b>	<b>70%</b>	<b>51%</b>	<b>No</b>

19. Do you live in a single-family home or a condominium?

Random Total	West	East	
91%	91%	100%	Single-family home
8%	9%	0%	Condominium
<1%	<1%	0%	Assisted living facility

20. Have you ever been to the Genoa Township Web site – for any reason?

Random Total	West	East	
15%	15%	13%	Yes, once
50%	49%	49%	Yes, more than once
34%	35%	37%	No
1%	1%	1%	DK / RF

21. Are you employed full-time?

(IF "NO") Are you a student, a homemaker, temporarily unemployed, retired, or disabled?

Random Total	West	East	
57%	59%	45%	Employed full-time
7%	7%	6%	Student
14%	14%	14%	Homemaker
3%	3%	1%	Temporarily unemployed
18%	16%	30%	Retired
1%	1%	4%	DK / RF

22. And, finally, are you ...?

Random Total	West	East	
8%	8%	7%	18 to 24
11%	11%	8%	25 to 34
23%	24%	11%	35 to 44
26%	27%	23%	45 to 54
18%	17%	26%	55 to 64
14%	13%	25%	Older than 64
49	49	54	Mean

23. That was my last question. Thank you for sharing your opinions with me. Good-bye.

## Responses to Open-Ended Questions

**Question 10(a): Why do you feel that way; in other words, why do you feel that another fire station is needed in Genoa Township?**

ID No.	Side	Precinct	
102	West	B	The station is so far west, and it goes far to the east over the dam.
205	West	D	Delaware County has grown. Since I have lived here, the amount of people who need services has grown exponentially.
3254	West	D	The growth of the population justifies another station.
648	West	E	The community has grown; there is more housing and more residents. I drive on Big Walnut Road all of the time. For residents close to Sunbury; it is more feasible to have another station in that area.
831	West	E	The population of the township is growing.
1256	West	G	I think we only have a very small one.
1504	West	G	I feel the response time to most locations is not as good as it could be. We are growing.
2034	West	G	With the growth of the community, we probably will need it.
9	West	H	I feel that the community is growing, and it's important to have another fire station.
1425	West	H	The volume of the population merits another fire station.
2581	West	H	We have no coverage on the east side of the lake.
4959	West	H	There are people who live on the other side of the Hoover Reservoir.
139	West	I	It is a large township. We need another fire station.
730	West	I	The township population is growing.
127	West	J	If there was a bridge out, there would be a problem getting services to people on the other side.
1205	West	K	I think that if there continues to be growth and building out here, we will need another one. It depends on how much they continue to build.
1272	West	K	Based on where our population is, we need another fire station. The census data showed we have grown from 4,000 residents in 1990 to 23,000 in 2010. We are certainly growing.
2150	West	K	It has expanded a lot as far as the number of houses.
2609	West	K	The houses are spread apart. Another fire department would get to homes faster.
1385	West	L	I only see one, and it's not enough. The community is growing.
1635	West	L	I have only seen one. We need it because the city is growing and we need more service to cover the growth.
2040	West	L	You could always have more.
583	West	M	It seems like Genoa Township has gotten pretty big over the past few years.
900	West	M	The growth of the population will determine if another fire station is needed.
3901	West	M	Residents east of the reservoir have extended response times.
4377	West	M	Quick access is always important. I believe that the township needs to be protected.
276	West	N	It is needed for the safety of anyone on that side of the dam. I have friends on that side. It is just not a fast response time. It would be of crucial benefit to people on that side of town.
497	West	N	The geography and population of Genoa Township are the reasons why a new fire station is needed. We have a lot of new residents, and the current response time is not very good.
2391	West	N	The area is growing rapidly.
36	West	O	I only know of one fire station in the area, and if they are busy, how are they going to get here?
275	West	O	The township is too big for just one fire station. The response time to the outlying areas is poor.

**Question 10(a): Why do you feel that way; in other words, why do you feel that another fire station is needed in Genoa Township?**

ID No.	Side	Precinct	
694	West	O	Safety is the most important thing. It would be a shame if a house burned down because of the lack of a fire station nearby.
1356	West	P	We have tons of homes that are being built here. We are almost landlocked, much like Worthington. We cannot go too much father with the new homes. I don't think the current fire station can take care of all of the new residents if something happens.
843	West	Q	The township has become rather large over the years and is only increasing. The population has grown, so we need to have one fire station at each end of the township.
30007	East	A	It takes too long to get clear from 3C Highway over to this area.
30055	East	A	I don't know the extent of the fire coverage, but the growth in the area warrants another station.
30172	East	A	The bridges are sometimes out of service, which has been a problem.
30184	East	A	The response time is poor.
30231	East	A	We live clear on the east end, and there isn't one by us.
30362	East	A	I don't think there is one close to where I live, which is in the southeast corner.
30385	East	A	We only have one. We need to support them.
30871	East	A	I will leave it up to the experts. If they say it is needed, then we should build one.
31022	East	A	It is needed because of the distance and time involved in getting to the east side of Hoover Reservoir.
31025	East	A	The Westerville fire station is much closer to me than the Genoa Township one is. I live on the east side of the reservoir.
31149	East	A	We are on the east side of Hoover Reservoir, which means they have to go to one of the two bridges to get over to this side of the township. The Harlem Township fire station responded to a small brush fire we had last year.
31236	East	A	We need more fire sub-stations so that they can respond more rapidly. We are in a high growth area and need to expand as necessary.
31284	East	A	There is a large body of water with a limited number of bridges between there and here. Hoover Reservoir is between us and the fire department. There was a fire here about three years ago, so we know about that. It is nine miles away. The fire chief said he got there in nine minutes. He might have, but the firemen and their equipment did not make it in that short of a time.
31312	East	A	We live on the east side of the Hoover Reservoir, so it would make for faster response times.
31313	East	A	The reservoir separates us from the main fire station.
31326	East	A	It will be needed because we are growing, and the response time is bad now.
30014	East	F	They need one on the east side of Hoover Dam. The response time is too long from its present location.
30018	East	F	We are across the dam, and they are way up there on Big Walnut Road. We don't have a fire station or police station, and I never see any of the police. We need emergency services on this side. I wonder sometimes if we would make it to the hospital in time.
30363	East	F	We live on the east side of the reservoir, and we have no station over here.
30539	East	F	I was lucky that the station was so close to me when I needed it. Some people do not live close to the station, such as those in the northeast, so I think they would need it.
30605	East	F	It is needed on the other side of the reservoir because of the traffic bottleneck on the bridge.
31271	East	F	They have an excellent response time now, but the township has grown so fast that we need more coverage.

**Question 10(b): Why do you feel that way; in other words, why do you feel that another fire station is not needed in Genoa Township?**

ID No.	Side	Precinct	
726	West	B	I don't believe it's needed when we have mutual aid from surrounding communities.
856	West	B	We are surrounded by incorporated cities that offer fire services, such as Westerville, Sunbury, and Lewis Center. They can draw on those services.
1603	West	B	The taxes in Genoa Township are too high. It is going to take more taxes to build another fire station and put firemen in it.
2220	West	B	I do not see a lot of burning houses. We are too small and more stations are not needed.
2845	West	B	It's a small area and one is enough. Everything is close by, and I've never heard that one is not enough.
4409	West	B	The station that I am aware of seems to take care of the area where I am.
4960	West	B	I do not want to pay the taxes for a new fire station.
357	West	C	The township is not big enough to require two fire stations.
813	West	C	I don't think Genoa Township is growing in geographical size. I have heard no complaints.
1067	West	C	The area is too small. It is not needed.
1153	West	C	The existing fire station is centrally located, and the coverage area is small. One station can handle it.
1567	West	C	The township is pretty small.
2829	West	C	They can cover the township with the one station. This area is too small.
2	West	D	I'm not aware of any problems in Genoa Township where the fire department didn't make it. The response time is fine.
27	West	D	I don't have all of the information; I don't know about their response time and things like that. As we grow, we may need more in the future, but I don't have that kind of information.
46	West	D	I'm not as familiar with the statistics regarding the number of stations and the average response time as I should be.
126	West	D	They have few fires. We do not need it.
395	West	D	I don't know enough about the needs of the community to say they need one.
409	West	D	We are too small for another fire station.
1693	West	D	It is a small township and Columbus is close by. Westerville is close, as well.
2084	West	D	I think what we have is enough, but I don't know how big the area is.
2241	West	D	I'm only here in the evenings. I don't know how many fires we've had. I don't know how many fire stations we have or how many homes each station covers. I just don't know if we need it. I know that we've had good service when we needed the police or an emergency squad.
2332	West	D	They take care of my place.
2403	West	D	I don't want to pay for it with more taxes.
2452	West	D	I haven't heard that there is a lack of coverage. I happen to know one of the firemen, and I haven't heard anything about there not being enough coverage.
3016	West	D	We do not need it. We are too small.
202	West	E	I don't think we have any issues as far as responding to fires. If we had a high number of fires, we might have an issue, but our township is small. We cause the taxpayers problems when we have more things than are needed.
485	West	E	I feel the geography of the township and the central location of the fire station makes another station unnecessary. The area is just too small.

**Question 10(b): Why do you feel that way; in other words, why do you feel that another fire station is not needed in Genoa Township?**

ID No.	Side	Precinct	
606	West	E	I am unsure how big the area is or what the population is per station. I would need to see some numbers.
736	West	E	The current one is close to my location. I don't know if there are any others.
915	West	E	I have never heard anyone say that they had a fire and they couldn't get anyone to come and take care of it.
924	West	E	I haven't heard issues or complaints with the fire department in terms of response time.
1398	West	E	I've never heard anyone say anything about needing another one.
1954	West	E	I am close to one station already.
2095	West	E	We're mostly residential, and there are very few actual fires or emergencies that they have to respond to. We're not in a heavily industrial area.
2701	West	E	I have never had an occasion to use it. I have never heard any complaints about the lack of service in the area.
2814	West	E	I'm not really sure how big the township is. The station is central to the community.
2995	West	E	We are small, and one is sufficient.
164	West	G	The station is close by.
651	West	G	If Genoa Township continues to grow, it might be necessary, but I don't feel it is necessary at this time.
781	West	G	This area is too small, and it is not needed now.
1178	West	G	I don't know if it is needed.
1290	West	G	I am not aware of any need.
1595	West	G	I have never heard that the one we have cannot handle fire services as is. We are too small.
2595	West	G	That is my gut instinct. I haven't heard any complaints.
2913	West	G	One fire station is big enough to cover the township.
2978	West	G	The one that is here is sufficient. The area is too small. People cannot afford it nowadays.
3093	West	G	They seem to be able to respond in time.
3345	West	G	I haven't heard anything in the news that said they need it. I need to know how long it takes to get to someone's house and if there were fatalities due to the response time.
4617	West	G	The township is too small. We do not need another fire station.
8	West	H	I don't know how big Genoa Township is. I don't know what kinds of calls they get or what their call volume is. I mostly hear them on the weekends because I live nearby, and they respond fast. I don't know how many people really need them.
933	West	H	I don't see fire trucks out in the road very often in the township.
1438	West	H	I am not aware that there is a need.
2026	West	H	I haven't done enough homework to give you a good answer. I don't know all the facts.
2386	West	H	I'm just not aware of there being any lag time. I live close to the one that I know of. I am sure there are others. I have never heard anyone talk of needing another one.
4062	West	H	They're doing a good job covering situations with the current staffing and current facilities. They have strong response times. It seems as though the staffing is adequate. They don't have a high turnover, and they do an effective job when called upon.
183	West	I	The township isn't big enough for more than one.
772	West	I	The township is not big enough.
891	West	I	I am in close proximity to one, and it supports the area adequately.

**Question 10(b): Why do you feel that way; in other words, why do you feel that another fire station is not needed in Genoa Township?**

ID No.	Side	Precinct	
1072	West	I	I have never seen the response times, but we don't have an issue where I live.
1909	West	I	I don't know where the other fire stations are in Genoa Township. I don't know enough about Genoa Township.
1975	West	I	We have shared response agreements with other cities, townships, and municipalities.
4695	West	I	Given the area that they are serving, they should be able to have sufficient response times.
4718	West	I	I rated the fire department as excellent. I just do not see the need for another one.
885	West	J	It doesn't seem that it is needed given the size of the area. I live within a mile of the current one.
1203	West	J	It seems like we are too small for another station. It is not needed.
1400	West	J	I believe the one we have is centrally located and big enough to get anywhere in the township as needed.
2093	West	J	I believe it is a small area. I am new to the area, though, so I am not certain.
3249	West	J	I think the station is close enough to most homes.
3408	West	J	I know that the police and fire stations that I live near were given a lot of money recently, so I don't feel that they need another fire station.
154	West	K	I am not sure how many stations there are.
182	West	K	I have not heard of any problems. They do not have more business than they can handle.
670	West	K	I don't know that they are so busy they can't handle it. It's a buddy system where other departments cover each other.
678	West	K	I think the township is small enough to be serviced by the existing infrastructure.
1116	West	K	They have an agreement with surrounding cities. Their response time is good, and their services are reasonable and sufficient.
3153	West	K	I have Westerville on one side and Genoa on the other. I do not need it.
3546	West	K	We have joint coverage with Columbus.
3911	West	K	I have never heard of problems where they were not able to get there.
4112	West	K	The township is not big enough to need one.
4336	West	K	I called them last week for a non-emergency, and they were here in ten minutes. I have called the EMTs, and they have been here quickly. Also, I am sure it would increase my taxes.
3	West	L	I don't see houses burning to the ground from lack of response. The response is adequate.
5	West	L	I have not heard of any concerns about people not getting needed services.
32	West	L	We have enough.
65	West	L	I don't know of any problems with what we have now.
75	West	L	I have always heard that other fire stations from Westerville are close enough. We do not need another fire station if that is the case.
449	West	L	The current one is close to everything. It seems like it's pretty centrally located.
597	West	L	I don't know how big our township is, so I don't know if we need a new fire station.
674	West	L	One is enough to serve the area.
773	West	L	I never really hear of fires being out of control around here.
860	West	L	Our neighbor's house caught fire, and the fire department was here in a flash.
1034	West	L	I haven't heard any complaints about the department. We seem to have enough trucks and staff.

**Question 10(b): Why do you feel that way; in other words, why do you feel that another fire station is not needed in Genoa Township?**

ID No.	Side	Precinct	
1087	West	L	Unless they are planning to build one on the east side of Hoover, I don't see the need. Even then, I know that part of the township over there has a working relationship with Westerville, so I still don't know if it is necessary.
1352	West	L	The only one I am aware of is near my house, and I see no need for another. I don't know how many runs they make. If they want taxpayers to support another fire station, don't threaten us; we need facts and figures.
1911	West	L	It seems like the response times have been very good, but I am not sure how big the township is.
2126	West	L	I don't know how big Genoa Township is. The station seems centrally located. I live very close to the station. When I had to call, they were here in no time.
2236	West	L	I don't know that they need one.
2368	West	L	I haven't seen any houses burn down.
116	West	M	Genoa Township is not very big, so what we have now is adequate. I'm thinking of the long-term cost of another station.
518	West	M	We are not large enough from an area standpoint.
568	West	M	It's a smaller township, and I think they can cover the area effectively.
616	West	M	It is very close to where we live.
1012	West	M	What we have is quite adequate. The funding would be more than what I would want to spend.
1602	West	M	We do not have a need for it. The area is too small.
2183	West	M	I haven't seen a lack of service. I don't know the amount of time it takes them to respond or the effectiveness of services upon arrival. I don't have any direct experience.
2860	West	M	I just haven't seen a need for one as of yet. I have not heard the citizens complaining about it. I feel the fire station we have is adequate and doing a great job right now.
4004	West	M	I have not heard of any issues regarding slow or inadequate response. I have not heard of anyone losing their life due to a poor response time.
4034	West	M	We are not big enough for two fire stations.
98	West	N	I have never heard of any response time problems with the fire department.
229	West	N	The services may not be stretched as far as I know.
266	West	N	We are not that big. The Westerville fire department is close enough.
1535	West	N	The response time is good for the entire township.
1694	West	N	I'd have to see what the growth is and what it is going to be.
1904	West	N	We are small. We do not need it.
2541	West	N	I haven't seen a fire around here. I have never heard the siren. Genoa Township loves to spend money, but we do not need another one.
2714	West	N	I do not have enough data to say otherwise.
2809	West	N	The area is small enough that we do not need it. The trustees will need to demonstrate the need.
3168	West	N	They have agreements with all the surrounding townships, and most of their runs are not for Genoa Township. Their first duty should be to Genoa. They are inflating the number of runs they have by making runs for other townships.
4119	West	N	The housing growth in the area has basically stopped.
4305	West	N	To my knowledge, there have not been too many bad fires.

**Question 10(b): Why do you feel that way; in other words, why do you feel that another fire station is not needed in Genoa Township?**

ID No.	Side	Precinct	
4508	West	N	We do not have the money to build more.
353	West	O	It's pretty centrally located. I wouldn't see why they'd need another one. I don't feel the township is that big. Plus, there is a Westerville fire station located close to the township.
479	West	O	Whenever there is an issue, the fire truck is there. There doesn't seem to be a problem.
2050	West	O	I don't think they have any place to put it. The space is limited in the township.
2185	West	O	The fire station we have right now is centrally located. We have a good road system as far as emergency vehicles being able to get into the subdivision in a timely manner. As the economy turns around and as we grow more, there may be a need, but right now, I would say no. They can get where they need to in just a few minutes.
2736	West	O	Westerville has a couple that service our community.
3138	West	O	I need more information. I know that they are considering another one across the dam, but there is one in Harlem Township. We could just use theirs instead of paying more in taxes.
3518	West	O	They are doing a good enough job.
4239	West	O	The station we have now is adequate considering our size. Most of these residences and businesses are new. They meet the codes.
4	West	P	One is enough to support the existing size of the township.
96	West	P	It will cause my taxes to go up if they build it.
427	West	P	Our township is not large enough to justify another fire station. I have not heard of an inability to respond to any emergency.
444	West	P	Our taxes for fire services are high enough. They do a good job as it is, and they are centrally located. When I needed them, they were here immediately. They were also here immediately for my neighbor, as well as the ambulance.
560	West	P	I live close to the fire station.
661	West	P	I don't want to pay more taxes.
830	West	P	There is enough to cover everything.
833	West	P	I don't think Genoa is that big of an area. They seem to get here pretty quickly where I live.
985	West	P	They can reach us in less than five minutes.
1701	West	P	I haven't seen any fires. As far as I know, there are not a lot of them.
1852	West	P	There aren't very many fires here. I believe they can share fire services with Orange Township and Westerville, so a new fire station is not needed.
2052	West	P	It will cost money to put one in.
2592	West	P	The station is close enough to where I live.
2877	West	P	There is enough coverage. The township is too small.
4546	West	P	It is not that far for them to go on a run.
4781	West	P	The area is small. The response seems fast now, so I see no need for another station.
95	West	Q	I'm not really aware of the need. I would like more information or even some updates in the mail on this issue.
1528	West	Q	The fire station we have is adequate for the geographical location.
1690	West	Q	I live close to this station. They have enough resources to cover the entire area.
3251	West	Q	They can cover the whole township in five minutes or less.

**Question 10(b): Why do you feel that way; in other words, why do you feel that another fire station is not needed in Genoa Township?**

ID No.	Side	Precinct	
3474	West	Q	We are small. I am new to the area and not certain.
4978	West	Q	We are really close to Westerville. There is one station in Westerville, one on Sunbury Road, one in Berlin Township, and one in Cheshire Township. I think that coverage is good.
30015	East	A	I think what they have is sufficient, and I have not heard any complaints in the township about that.
30073	East	A	The fires that are reported in the newspapers all seem to have been put out properly, and the firefighters do not seem like they were too late to save or salvage the house.
30099	East	A	I do not hear from other people around here that there has been a problem with firefighters getting to fires.
30199	East	A	I think the service we have now is good.
30294	East	A	It seems we are not a big enough area to need another one. The one station seems adequate.
30351	East	A	There have been a couple of fires nearby, and they did a good job. We have called for an EMS, and they arrived in a timely manner.
30378	East	A	The two we have now are enough in terms of coverage and response time.
30407	East	A	There is a fire station down the street, and other departments support us.
30617	East	A	We have reciprocal fire agreements with Westerville.
30699	East	A	I think they just put a new tax levy out that's supposed to improve the service of the one fire station. It's only five minutes from the station to anywhere in Genoa or Westerville.
30731	East	A	There is enough coverage for the rural area.
30937	East	A	I think we are well covered.
31027	East	A	The cost is too high.
31104	East	A	They have always been able to respond to the houses in my neighborhood in an adequate amount of time. Also, now is not the time to take on new debt.
31121	East	A	The township is not that large.
6	East	F	I don't know if there are other fire stations. The one we have is centrally located, which is a good location.
30067	East	F	I don't see many fire trucks out too often. I've lived here quite a while, so maybe we don't really need another one.
30087	East	F	There are two or three main roads that they can take to get to all parts of the town.
30158	East	F	I have no idea since I have not studied it. I don't know about the coverage they have or what their response times are.
30180	East	F	I don't want my taxes to go up again.
30198	East	F	There are other fire departments on the outskirts of the townships that we can use.
30224	East	F	I read my local papers all the time, and there has never been any expressed need. We don't hear about houses burning down because someone didn't get out there in time.
30287	East	F	I have not heard of any complaints. The reaction is quick.
30336	East	F	The one that we have meets the need.
30352	East	F	Two fire stations are enough for the part of the township where I live.
30358	East	F	The money could go to something more important, like schools.
30451	East	F	I am not aware of a problem relating to run time. I am concerned that the east side of the reservoir might develop a problem, but I'm not aware of one right now.

**Question 10(b): Why do you feel that way; in other words, why do you feel that another fire station is not needed in Genoa Township?**

<b>ID No.</b>	<b>Side</b>	<b>Precinct</b>	
30462	East	F	I feel that our fire station has top-notch fire equipment, and they should be happy with what they have. They have enough money, but our school system is failing. We need to fix that.
30510	East	F	I haven't heard of any issues of fires not being tended to.
30524	East	F	We need to balance the budget.
30525	East	F	We have adequate facilities at this time.
30579	East	F	The township is not big enough. We have two already, and they are spread out far enough apart. We do not have enough roads and houses to support another fire station.
30653	East	F	I think that the area is pretty small, and the next township over has their own fire station.
30688	East	F	I've got one close to me.
30732	East	F	I've got two stations that are pretty evenly spaced on either side of my property. We are adequately covered.
30761	East	F	I don't know about a need for it. I've never heard that issue being expressed publicly.
30817	East	F	I read all the Genoa Township bulletins, and I look at the local newspaper. There has not been an outcry for additional fire stations. The services seem to be more than adequate.
30872	East	F	I live close to it.
30984	East	F	I don't know the limits of the township that well. We live close to the fire station.
31130	East	F	The township is growing now, but I do not know how far out it extends. I am happy with the fire station we have.
31139	East	F	I don't know how big the township is, but it is really not so big that we need more than one fire station. We have been here a long time, back when there were only volunteer firefighters.
31171	East	F	I believe that they have an arrangement with other fire departments to help on the other side of the Hoover Reservoir. The fire department is located on the west side of the reservoir, so it can be a bit of a problem to get to the east side.
31192	East	F	It is not that big and they can get pretty much anywhere from the current station.
31195	East	F	I do not see the need. I have not seen many houses burning down recently.
31224	East	F	I don't want to pay for another one. However, the Hoover Reservoir is separating where I live from where the police and fire department are located. The police and fire don't even know that I'm over here. I know they service us if we call, but they just don't remember us over here. We are too small to have another fire department. They have been putting plugs in over here. They respond when we need them, but we don't see them very often. I guess that is a good thing. The houses in our area are more spread out than the other side of the reservoir.
31234	East	F	I never see the fire trucks doing many runs.
31336	East	F	The surrounding townships support us.
31357	East	F	We have a good fire station now that can handle the township.

**Question 14(a): Why would you support a decision to build a fire sub-station in Genoa Township, east of the reservoir?**

ID No.	Q9: Needed	Side	Precinct	
102	Yes, definitely	West	B	It is needed because of the distance between the residents and the existing fire station.
3254	Yes, definitely	West	D	If I was in that area, I would want a fire station close for safety purpose. The intersection of Big Walnut Road and 3C Highway is too far.
1504	Yes, definitely	West	G	I believe we need it. The response time is not good now, and we are still building in that area.
2581	Yes, definitely	West	H	There isn't one over there.
1385	Yes, definitely	West	L	We need more than what we have.
1635	Yes, definitely	West	L	We need some more stations because that area is remote.
3901	Yes, definitely	West	M	It will result in a faster response time.
4377	Yes, definitely	West	M	There are a lot of houses there, and I don't think there is any protection.
276	Yes, definitely	West	N	I have personal friends over there who are elderly. When they have had to call, the response time was not good. It is not what it would be on this side of the reservoir. I feel that it is not as safe due to increased response time in an emergency. I'd also support it for firefighter safety; traveling across the bridge in winter could be icy.
497	Yes, definitely	West	N	It is needed to adequately serve the community.
2391	Yes, definitely	West	N	I do not know where the boundaries are. All of this used to be farm area. Now, there are a lot of new homes that are worth hundreds of thousands of dollars, so I guess they need a fire station for the benefit of the people living there.
694	Yes, definitely	West	O	It would cover more of the township and have a faster response time. Fire safety is more important than a few bucks.
1356	Yes, definitely	West	P	We would have another one close by even if it was close to Harlem Township. Theirs is small, and they call us when they need help and vice-versa.
30007	Yes, definitely	East	A	I would support it in order to get the proper services required to the people in a timely manner. It really would have been better to combine with Harlem Township and build a new station together, because it is located between the two. There is a problem along the road I live on with the water line. It is only a 4" line and that is not big enough to carry water from the hydrant. This is along Hughes Road, bordering Genoa and Harlem. It is a real fire safety issue that needs to be addressed. I have talked to them a number of times, but I have had no response.
31025	Yes, definitely	East	A	The other one is quite a bit away on the west side of the reservoir. It is about 15 minutes from where I live.
31149	Yes, definitely	East	A	It would depend on the cost and other priorities they may have. Other things in the township might be more important. I am thinking of myself, and I think our fire protection is a little iffy here given the amount of time it has taken the fire trucks to get here.
31236	Yes, definitely	East	A	We live there and there is no support nearby, but those guys can go pretty fast.
31284	Yes, definitely	East	A	It would give better, faster response times for people in the township that live over here on the other side of the water. There are a significant amount of residents that live here.
31313	Yes, definitely	East	A	I think it would cut the response time and save lives and property.
30014	Yes, definitely	East	F	The need for a quicker response time
30363	Yes, definitely	East	F	I live over here.

**Question 14(a): Why would you support a decision to build a fire sub-station in Genoa Township, east of the reservoir?**

ID No.	Q9: Needed	Side	Precinct	
31271	Yes, definitely	East	F	The population has grown. The response time will increase on the east side without it.
205	Yes, probably	West	D	Our county has grown in population.
648	Yes, probably	West	E	We had population growth. Also, it is very hard for Genoa Township to go across the reservoir to service that area quickly. I just think it would be safer for the residents. It would entice me to move into that area if I knew that services were closer.
831	Yes, probably	West	E	It would lower the response time of the fire department.
1256	Yes, probably	West	G	I think that we need it so that we can have more construction work in the township.
2034	Yes, probably	West	G	I have to consider it a little more. I'd have to look at that geography to make that determination. We have to have fire and medical protection. I do not think there is a fire station out that way.
9	Yes, probably	West	H	I would support it because of the size of the community. I don't know the boundaries of Genoa Township. Where the station is located now? It is a long way to go across Genoa Township.
1425	Yes, probably	West	H	I would only assume that is the furthest point away from the current station.
4959	Yes, probably	West	H	I feel that the people need it. I think the township is fiscally sound, very responsible, and thinks things through.
139	Yes, probably	West	I	We would need a sub-station because of the size of the township.
730	Yes, probably	West	I	I'm not familiar with the area east of Genoa. I see a need because the response time would be quicker.
127	Yes, probably	West	J	In the event of a bridge being out, the people east of the reservoir could have a quick response.
1205	Yes, probably	West	K	If there was a need out there, I'd support it. If they depend on the one on 3C Highway, then that's a long way to go. I would think people would feel more secure if they had something closer to their home because of the time it would take.
1272	Yes, probably	West	K	That is not my side of town, but I know they cannot get over there very quickly.
2150	Yes, probably	West	K	It's a long way from the current fire station.
2609	Yes, probably	West	K	I just feel it's something important to the community. We can always use more services such as that. It's a service that's provided that would attract buyers to new homes in that developing area that is east of the reservoir.
2040	Yes, probably	West	L	I assume the station at 3C Highway and Big Walnut Road is further away. They need another one in that community.
583	Yes, probably	West	M	I didn't realize the township went that far over, so that would probably be a good place. It is further away than the other fire station. There should be one on the other side of Hoover Dam if the township goes out that far.
900	Yes, probably	West	M	I would support it if there was a need.
36	Yes, probably	West	O	The one fire station that I know of cannot be in two places at one time.
275	Yes, probably	West	O	I'd support it so the fire trucks could get there quickly.
30055	Yes, probably	East	A	I think that is a large population and growth area, and they need it. It is a safety issue. The response time is an issue.
30172	Yes, probably	East	A	I would support it because of the speed of the response and the increase in population in the area. It does depend on how much it will cost.

**Question 14(a): Why would you support a decision to build a fire sub-station in Genoa Township, east of the reservoir?**

ID No.	Q9: Needed	Side	Precinct	
30184	Yes, probably	East	A	It would depend on the cost to homeowners. I'd support it because of the improvement in response time.
30231	Yes, probably	East	A	I think a third one is needed because we live there. It takes awhile to get over to this area coming across the reservoir. There is not another one close by.
30362	Yes, probably	East	A	I can't think of where there is one that would serve the people who live out east. I think it takes them pretty long to get here because I live in the woods.
30385	Yes, probably	East	A	There is a growing population on that side.
30871	Yes, probably	East	A	There is a lot of building going on over there, and the traffic is terrible going over the dam.
31022	Yes, probably	East	A	I'd support it because of the distance and time involved to get here. I understand that the fire department is responsible for ambulances, as well. It's just a matter of getting these services closer to us.
31312	Yes, probably	East	A	We need faster response times. The community is growing, and emergency services of all types should be provided.
31326	Yes, probably	East	A	Traffic is bad going over the bridge, so response time will be better. Share the fire station with Harlem Township.
30018	Yes, probably	East	F	We would have a quicker response time. We would also like to have a police station. We are clear across the way and it could be pretty late by the time they got over here to us. We have been wanting this for a long time because we have nothing over here, and we have gone back and forth with them.
30539	Yes, probably	East	F	Some people might not be so close. I personally went through that and they came to our house in record time. That time seems like an eternity when you see your house burning down. For some people it may take ten to 15 minutes, and that's a long time when their things are being burned and destroyed. I've seen my house burn with my own eyes, and a lot of people don't think about it until it happens to them. I sympathize with people who live farther away.
30605	Yes, probably	East	F	Faster response time
856	No, probably	West	B	That is where new growth is for the township. If there is any new growth, it will be in that direction. Right now, it is rural.
4409	No, probably	West	B	I suppose they need one.
4960	No, probably	West	B	I would support it as long as I don't have to pay any new taxes.
357	No, probably	West	C	The reservoir is a bottleneck. It causes a delay.
1067	No, probably	West	C	The trustees need to explain why there is a need. I don't see a need now.
1153	No, probably	West	C	You said it would not raise my taxes.
27	No, probably	West	D	It would be a shorter call time for the people who live there, but I am not sure how far the township extends. There are only two bridges that go over the reservoir.
46	No, probably	West	D	I would presume that they could show me a need for it with statistics, such as response time. The area seems to be growing and will probably need it eventually.
395	No, probably	West	D	I will support it as long as they don't raise the taxes.

**Question 14(a): Why would you support a decision to build a fire sub-station in Genoa Township, east of the reservoir?**

ID No.	Q9: Needed	Side	Precinct	
2084	No, probably	West	D	From where I live I can see the east side of Hoover Reservoir. It would probably be a good idea. Hoover Reservoir is east of me, and that is far enough away that that would probably a good idea to have one there.
2241	No, probably	West	D	If the township feels we need one there, then I would seriously consider their recommendation. To the best of my knowledge, I don't think there's anything over there. I think everyone should feel secure in knowing that if something should happen, there is adequate emergency response in their area.
2452	No, probably	West	D	There must be some information out there indicating the number of square miles that a fire station could cover adequately. If they could prove that people east of Hoover were not afforded adequate service by either the station near me or the one over by Lewis Center, then I would support it.
3016	No, probably	West	D	We need it because the bridge slows the response time.
606	No, probably	West	E	If something was to happen to those bridges, they would need a fire station on that side of the reservoir.
736	No, probably	West	E	If it doesn't increase taxes, it would be good for the community and probably increase property values.
924	No, probably	West	E	There is not one over there now. It is a growing part of the township, so they'll need one.
1398	No, probably	West	E	I would support it if there was a need. It is needed if there is not another one within a reasonable distance.
1954	No, probably	West	E	I trust the trustees if they say they need it.
2814	No, probably	West	E	It is far enough from the other one, and it will help the people on the other side.
2995	No, probably	West	E	If there are no new taxes and it is needed, then I would support it.
4413	No, probably	West	E	It is an area that is more rural, and the response time is longer than it should be when the firefighters are coming from the west.
164	No, probably	West	G	If there truly was a need, I'd support it. I would have to see how far the closest fire station is and what the response time is.
651	No, probably	West	G	If it doesn't require any taxes at all, including the running of it, I would support it. I don't live in that area, so it would not affect me.
781	No, probably	West	G	I would support it if need was shown by the trustees.
1178	No, probably	West	G	We need one in that direction. We have a growing population.
1595	No, probably	West	G	If the fire department thinks that we need it, I would support. They probably have researched it, and they recognize the need.
2595	No, probably	West	G	It's too hard to get there from this side of the reservoir.
3345	No, probably	West	G	If it was necessary because the response time wasn't good enough, I would support it. It could improve response time and have no additional costs.
4617	No, probably	West	G	They need a station in that area. It is too far to get a good response time from the current stations.
933	No, probably	West	H	I'd support it if the residents need the fire department. It would be a closer location for them so they could fight fires faster. The location is closer to those who are east of the reservoir.

**Question 14(a): Why would you support a decision to build a fire sub-station in Genoa Township, east of the reservoir?**

ID No.	Q9: Needed	Side	Precinct	
1438	No, probably	West	H	If it was needed, I would support it. I don't have enough information. I didn't know the township extended that far.
2026	No, probably	West	H	Someone with more knowledge than I must think we need one. I assume the people running the township think we need one. I don't think somebody would have contracted this study otherwise.
2386	No, probably	West	H	It is needed for safety reasons for that part of the township. Plus, it wouldn't take away from the services currently provided because they wouldn't have to go over there to provide services.
4062	No, probably	West	H	I don't know if there is adequate coverage there. The distance they have to drive from the current station might be too much. I can't think of a station out that way. I think it creates jobs.
772	No, probably	West	I	I guess we need to support the housing development out there and divide up the responsibility.
891	No, probably	West	I	I think that area is lacking.
1072	No, probably	West	I	If the trustees believe that it is necessary, I would support it.
1909	No, probably	West	I	I would support it if there were no tax increase.
1975	No, probably	West	I	There would be no additional tax dollars required.
4695	No, probably	West	I	If the fire department feels that the response time would be better to serve the other part of the township, I'd support it. Generally, the township does a pretty good job managing money. If they feel there is a need for it, there must be one.
1203	No, probably	West	J	I am assuming the research shows we need one there. It takes too long to get there.
2093	No, probably	West	J	As long as they show in a study that it is needed, I would support it.
154	No, probably	West	K	I am not sure. If it was supported by taxes, I would be against it. I am not sure where the stations are located.
1116	No, probably	West	K	That area is not easily accessible to the west fire station or to the other Genoa station.
3153	No, probably	West	K	There isn't one on the other side. It takes too long to get there.
3911	No, probably	West	K	If they prove a need for the sub-station, I'd support it. Fiscal responsibility is the key.
4112	No, probably	West	K	If the city planners want it, then they would have to show us the need.
4336	No, probably	West	K	I suppose crossing the reservoir would take awhile.
5	No, probably	West	L	I guess if they show that it is warranted I would support it. Someone would have to show that it's necessary, though. I don't really feel I can answer that.
32	No, probably	West	L	It might help.
75	No, probably	West	L	If there is a valid need for one in that area, then I am okay with it. I'm not sure if one is needed there.
449	No, probably	West	L	If one is needed to support the residents over that way, I would support it. If the trustees believe there's a need, then I support them.
597	No, probably	West	L	I don't think there is a fire station on that side of the reservoir, but I didn't know that the township went that far. It is bigger than I thought it was. There are only two ways across the reservoir without having to go all the way around. I don't want anyone's house to burn down.
773	No, probably	West	L	They don't have one over there, and they could get to a fire faster if one was there.
860	No, probably	West	L	It would help with response time.
1034	No, probably	West	L	I see no harm in being more prepared. It is good to have back up.

**Question 14(a): Why would you support a decision to build a fire sub-station in Genoa Township, east of the reservoir?**

ID No.	Q9: Needed	Side	Precinct	
1087	No, probably	West	L	When one of the bridges was closed, they had to depend on Walnut Township. I think there are three bridges, and if one is closed, it makes it difficult for the township to respond in a timely fashion. I don't live on the east side of the reservoir, but I do remember reading the response time was not good when one of the bridges was out.
1911	No, probably	West	L	I am questioning the response time. I don't know how far the township runs east, but I am questioning how long it would take the fire department to get there.
2126	No, probably	West	L	I didn't even know Genoa Township was east of the reservoir. The station is pretty far west of those residents.
2236	No, probably	West	L	The station would require no new taxes.
2368	No, probably	West	L	It would be near Africa Road, and I don't know of a fire station near there.
1602	No, probably	West	M	If there is not any tax increase and it is needed, then I would support it.
2183	No, probably	West	M	I would support it because of the distance for response. I need to look at how far the township extends.
2860	No, probably	West	M	I need more information. That is why I am moderately supportive. I would have to see the facts about why there's a need for one. I am only moderately supporting it because it does not require new taxes. To lend it my full support, I would need additional information about the need for the station.
4034	No, probably	West	M	If it won't raise taxes, it's okay with me.
229	No, probably	West	N	The fire station is on the west side.
1694	No, probably	West	N	I think they've studied it and found a need. It would be a good selling point for real estate.
2809	No, probably	West	N	They need one because that area is across the bridge, and it takes too long to get there.
4119	No, probably	West	N	I would support it only if there is a clear need and no additional taxes. I'd need to know the number of houses and buildings in that area.
4305	No, probably	West	N	I know people who live out there. I am not opposed to having better access to fire services. Traffic can get bad across the bridge.
2185	No, probably	West	O	We're not looking at a need to increase taxes. We're working within the funds and budget the township already has. I would be concerned if we had to increase taxes to do it.
3050	No, probably	West	O	If the trustees show a need, I support it.
3518	No, probably	West	O	It might help them out more to have one there. It might reduce the response time to that area.
4239	No, probably	West	O	I am not familiar with the boundaries east of Hoover. If there is not a station there, that could be a problem because there are only two ways to get to the east side.
4	No, probably	West	P	The current one is so far away from that area. The response time would be excessive.
830	No, probably	West	P	There is not as much coverage over there.
833	No, probably	West	P	If the response time is going to be quicker, I would support it.
985	No, probably	West	P	There is no protection over there.
1701	No, probably	West	P	I guess it is always better to have fire engines when you don't need them than to not have them when you need them.

**Question 14(a): Why would you support a decision to build a fire sub-station in Genoa Township, east of the reservoir?**

<b>ID No.</b>	<b>Q9: Needed</b>	<b>Side</b>	<b>Precinct</b>	
2592	No, probably	West	P	I anticipate it would take a long time to get there if they had a fire. They have to travel around the reservoir.
2877	No, probably	West	P	If the trustees say we need it I would support it.
4781	No, probably	West	P	I do not believe there is one out that way. The response time would be slow due to the bridge.
95	No, probably	West	Q	If they found there was a need, I would support it. I don't know enough about that area, but I would trust them.
1690	No, probably	West	Q	I believe that location is too far from the current station. They need one there.
3474	No, probably	West	Q	If that is a part of the township and the trustees feel that area is underserved, I would support it.
30015	No, probably	East	A	That probably would be a good location. If there was some disaster on the bridge, that would be bad for those people on the other side because they would have no access.
30099	No, probably	East	A	I think if they build one that would be a good location, and it would help out that area.
30199	No, probably	East	A	I suppose it would enhance property values if we were closer to a fire station.
30378	No, probably	East	A	That's where I live.
30407	No, probably	East	A	That is where I live, and we don't have one.
30595	No, probably	East	A	We live near that location. If it wouldn't raise the taxes, then we would be okay with it.
30699	No, probably	East	A	East of the reservoir probably has the longest response time from the current fire station in Genoa.
30067	No, probably	East	F	I need to be better informed. How long is it taking them to reach people? Are they being overloaded with calls? Where are the stations that are already in Genoa? It would help with the response time because I don't think there is one in that area.
30130	No, probably	East	F	It would depend on how much money is involved. I am not really educated about the real need for it. I need to know whether people have been served adequately by the one we already have.
30158	No, probably	East	F	The response time would be decreased by that location.
30180	No, probably	East	F	I know the township has grown a lot, but I thought most of the growth was on the west side. At least that's what I see. I don't know that I would really support it until I hear what the need is.
30287	No, probably	East	F	I live on the east side of the river, but I still don't know if it is necessary.
30451	No, probably	East	F	The other side of the reservoir has limited access. As we grow, better access to the homes east of the reservoir will be needed.
30510	No, probably	East	F	I live east of the reservoir. A couple years ago, they were replacing a bridge near us, and there was some concern that if there was a fire, they would have a problem getting to us because of road construction. We have become more populated, but I haven't heard of any lack of service due to not enough fire stations.
30653	No, probably	East	F	I'd trust that if it was needed, the right decision would be made. Safety is always important.
30688	No, probably	East	F	I don't want new taxes. I don't know the response time of the fire department to the east of the reservoir.
30761	No, probably	East	F	There is no station over there, and the current station is at least ten minutes away.
30984	No, probably	East	F	I may not be in favor of it. I don't know yet if there is a need.
31130	No, probably	East	F	It is growing so quickly.
2845	No, definitely	West	B	It won't cost me anything.

**Question 14(a): Why would you support a decision to build a fire sub-station in Genoa Township, east of the reservoir?**

ID No.	Q9: Needed	Side	Precinct	
2829	No, definitely	West	C	I would support it if they show me it is needed.
126	No, definitely	West	D	It provides jobs and helps the economy.
1693	No, definitely	West	D	It has been growing quite a bit around there.
202	No, definitely	West	E	There isn't really a need for a fire station, but I'd want it east of the reservoir if there had to be one. If one were to be built, that would be the best location because it is a difficult place for the current fire station to reach.
915	No, definitely	West	E	I'd support it only if research showed that they truly needed it.
2978	No, definitely	West	G	As long as it won't cost me any more tax money, I would support it.
3093	No, definitely	West	G	I assume they don't have one over there.
8	No, definitely	West	H	I need information. Is it highly populated east of the reservoir? I lean toward putting it in a heavily populated area.
1400	No, definitely	West	J	If there was no added cost to me, I would support it.
3249	No, definitely	West	J	If they feel it is necessary, I'd support it. I guess it is several miles away from the current station.
182	No, definitely	West	K	If it isn't going to raise our taxes and they think there is a need, I'd support it. I don't see a need myself, but I would listen to their logic if the township says there is a need.
670	No, definitely	West	K	That is where Genoa Township is growing, and there is very little coverage.
116	No, definitely	West	M	I think it would help property values, and I think it's good for Genoa Township. It just helps the community. I'd rather have more than not enough.
1012	No, definitely	West	M	If the money wasn't coming out of taxes and it was needed, I would support it. I don't see a need for it, but I'm not involved too much in that area.
98	No, definitely	West	N	They'd have to go over the bridge to get to the east side. I didn't know the east side was in the township.
1904	No, definitely	West	N	I would support it if we need it.
2714	No, definitely	West	N	It is too far away from the current fire station. We need one there.
353	No, definitely	West	O	If there was a need and they weren't going to raise taxes, I would support it. I'm not really familiar with the boundaries of the township that far east.
479	No, definitely	West	O	If someone is saying that they need one, then there must be a reason for that. If they came up with evidence of a need, then I would support it.
2050	No, definitely	West	O	There are only two direct routes to the east, and the homes are expensive.
2736	No, definitely	West	O	They have a longer distance to travel across the dam to respond to the fire. If it does not cost me extra money, I would probably support it.
96	No, definitely	West	P	If it won't cost me anything, they can build one anywhere.
444	No, definitely	West	P	If they are not going to charge me – okay. It sounds like that is what they are going to do. In my opinion they don't need one, but I'm not east of Hoover.

**Question 14(a): Why would you support a decision to build a fire sub-station in Genoa Township, east of the reservoir?**

ID No.	Q9: Needed	Side	Precinct	
560	No, definitely	West	P	I'd support it if they could prove it was necessary and that the service is not adequate, and if they could do it with the money they have without raising my taxes. Provide the specific number of runs they've done, the amount of time it takes to make a run, and the number of times they have to call another location because our station is already out on another run. I need these types of details to prove it's necessary.
661	No, definitely	West	P	If the statistics support it, then I would.
1528	No, definitely	West	Q	If it would not require additional tax dollars from me, I would support it.
4978	No, definitely	West	Q	I only know the west is covered, but I don't know how far east is covered. There are places over there that I am not familiar with. I support our township and the safety of it.
30937	No, definitely	East	A	Because of the access that they have now, I can see where a sub-station east of Hoover would be beneficial. It is hard to get over here quickly.
30224	No, definitely	East	F	If the people living on the east side of the reservoir say they need, it I would support it.
30352	No, definitely	East	F	I don't think there is one over there.
30462	No, definitely	East	F	That is pretty far from the fire station.
1713	DK / RF	West	B	I assume they will do studies to show the need.
4749	DK / RF	West	B	If there were no new taxes, I'd be for it. I don't know if we need one or where it should go.
349	DK / RF	West	C	There is a need across the dam to improve the response time.
2300	DK / RF	West	C	I would support the trustees who made that decision. I figure they know more about it than I do. Having no new taxes certainly makes me more in favor.
3968	DK / RF	West	C	If they did it jointly with a neighboring township, it would save money and provide better fire service.
54	DK / RF	West	D	If the facts support the need and they were presented to me, I would support it.
142	DK / RF	West	D	I would support it if it was an area where the population does not have nearby fire service.
302	DK / RF	West	D	That area is probably the furthest from any existing fire station.
576	DK / RF	West	D	I think it is too far from the current fire house.
594	DK / RF	West	D	I am certain those people need it, because it takes longer to get to that area.
847	DK / RF	West	D	I would support it if the fire station determines we need one.
3009	DK / RF	West	D	We should have other options available in case of an emergency.
3284	DK / RF	West	D	I am assuming there is a need. I trust their study to show a need there.
4325	DK / RF	West	D	I'd support it to provide coverage closer to those on that side.
243	DK / RF	West	E	I'd support it because of the amount of time it takes to get from the main fire station.
381	DK / RF	West	E	If they needed one, I would support it. I assume they would do a study, and if it was needed, I would back it.
677	DK / RF	West	E	It sounds like there's a need for it there because it's on your questionnaire. Also, I think there is some distance from the current fire station.
1194	DK / RF	West	E	No new taxes to build it
1297	DK / RF	West	E	It takes too long to get over the reservoir to fight a fire.
1611	DK / RF	West	E	I don't know if they are having problems getting over there.

**Question 14(a): Why would you support a decision to build a fire sub-station in Genoa Township, east of the reservoir?**

ID No.	Q9: Needed	Side	Precinct	
1744	DK / RF	West	E	I don't know about the township boundaries. If the west side station is the only one, then we definitely have a need for another one. If my house was on fire and I lived on the east side I wouldn't want to wait that long for them to get there. It would take at least 15 minutes for them to respond.
2302	DK / RF	West	E	If the trustees show a need with studies, I would support it.
1050	DK / RF	West	G	I can only assume the trustees feel they need a more rapid response in that sector of the township. When the issue comes up, there will have to be more information about it. I will need to know about the need for a sub-station. I'm not totally informed, but I would support finding out about it if they deem it necessary. I need to know more about the demographics, the population they need to serve, their current response time, the overall cost, how it will affect individual taxes, and the response time from their current location to the east.
1830	DK / RF	West	G	If it is needed, I will support it. Are there more fires than the one can take care of?
2269	DK / RF	West	G	If you are asking this question, there must be a demand.
2664	DK / RF	West	G	I would always support a fire station. It is always needed in that area. It takes a long time to get there now.
2968	DK / RF	West	G	I would like to hear a professional opinion on the subject.
162	DK / RF	West	H	If the township goes east, the other fire station would take a longer time.
414	DK / RF	West	H	I trust that if it was needed, the trustees would do it.
863	DK / RF	West	H	I need to have more information about whether or not there is one within a ten-mile radius of the next one available.
2263	DK / RF	West	H	There is not one there now. They need it there because there is nothing close.
3594	DK / RF	West	H	It depends on the cost, but two is better than one for coverage.
1	DK / RF	West	I	I am assuming they need it. It could be difficult to get to a house to save a life or save a house, depending on the weather.
1001	DK / RF	West	I	It might take too long to get to a fire over the reservoir. We might need more support for a large fire.
1233	DK / RF	West	I	The fire trucks have to cross the bridge to get there.
3041	DK / RF	West	I	I don't know how big the township is or how far east it goes. Regarding response time, it does make sense to have one across the reservoir.
4831	DK / RF	West	I	If they really felt they need it, I'd support it. I don't know what is over there now. If they don't have any service on that side then maybe they do need it.
1387	DK / RF	West	J	If there was a need, I would be for it.
2182	DK / RF	West	J	If there is not one over there already, it would provide safety for those people.
3262	DK / RF	West	J	The number of people in that area has grown.
365	DK / RF	West	K	I haven't seen other fire stations. We are moving to that area.
789	DK / RF	West	K	There isn't a fire station over there.
794	DK / RF	West	K	I can't think of another fire station close to that location.

**Question 14(a): Why would you support a decision to build a fire sub-station in Genoa Township, east of the reservoir?**

ID No.	Q9: Needed	Side	Precinct	
1892	DK / RF	West	K	If it is determined that it is needed, I would support it. I guess it would depend on what the average response time is.
2773	DK / RF	West	K	If township trustees said they needed it there, I would trust their decision.
3165	DK / RF	West	K	I guess the trustees believe it is needed
3205	DK / RF	West	K	If it is needed, then that's where it should go
4102	DK / RF	West	K	It is a growing area, and the response time is too long.
7	DK / RF	West	L	I would only support it moderately because I need more information, such as the number of fires, call time, and the size of the community.
760	DK / RF	West	L	It takes longer than five minutes to get there. I would support it. It takes too long now.
859	DK / RF	West	L	I would want to know what the response times are for those houses and if they feel that those people are in danger due to the response time. I wouldn't want them to lose their houses in a fire. The reservoir is a barrier, and I don't know if it would be fast enough to help them.
1718	DK / RF	West	L	If there was a need, I'd support it. I assume the township would research it.
2331	DK / RF	West	L	I am assuming there isn't one.
2509	DK / RF	West	L	If it's not going to cost additional taxes and if there was a real need, I'd support it. I don't have the information on the ratio of homes to fire stations or the number of fire stations needed per square mile. I would have to see information like that to be sure we need it. Obviously, someone thinks we might need it since we're talking.
2838	DK / RF	West	L	They would have to make a strong case for it by demonstrating the need, such as the number of households on the east side versus the west side. I would want to see response times compared to the local and national average. What kinds of financials are required and what tax would be imposed to support it?
3867	DK / RF	West	L	I do not know how many stations there are or where they are located, so we may be duplicating services. I didn't know they needed one east of reservoir. We need a map of the township that shows the boundaries and the current stations.
4282	DK / RF	West	L	I'm not really sure how many there are in this township. From what I can remember, I don't think there is one that far down into the township.
4783	DK / RF	West	L	It depends on the cost to the taxpayers. If it does not increase my taxes, I would support it.
131	DK / RF	West	M	If there was a need to respond to fires quickly over there, it would be good to have that available.
478	DK / RF	West	M	There is a need for it in that area.
207	DK / RF	West	N	If there was a need for it, I would totally support it, because it is important for safety.
404	DK / RF	West	N	We need closer fire services for the residents.
886	DK / RF	West	N	They would be able to respond quicker to that area.
2319	DK / RF	West	N	If they needed it, I would support it. They must not have one. I don't know if they have one or not. I would like to see statistics if there is one there already, such as the number of people living there and how long it takes to respond.
1949	DK / RF	West	O	They probably studied it, and they say we need it.
3275	DK / RF	West	O	There are people who need it if there isn't one over there already, but I think there is one.

**Question 14(a): Why would you support a decision to build a fire sub-station in Genoa Township, east of the reservoir?**

ID No.	Q9: Needed	Side	Precinct	
317	DK / RF	West	Q	I would support it if the response time is lowered and the calls require it.
1632	DK / RF	West	Q	Those guys over there might want one for protection. I don't live there.
2451	DK / RF	West	Q	If it was necessary, I would support it.
30002	DK / RF	East	A	East of the reservoir is where we live, and my house burned to the ground. If there had been a fire station close by maybe it could have been saved. But, I am satisfied with what we have. I am not complaining. I figure whoever is making the decisions thinks we need one.
30195	DK / RF	East	A	I will support it if it will not cost us any more money. The community is also growing so I don't know why anyone would oppose it.
30209	DK / RF	East	A	The area is growing quickly, and we need to support it with service. Sometimes it takes a long time to get across the bridge on County Line Road. If we don't have a station there now, having one there will decrease response times and provide better service.
30395	DK / RF	East	A	There is not one over there.
30555	DK / RF	East	A	I can't answer that because I don't know if it's really needed. I just don't have enough information. I need to know how many people live here and if the fire station can sufficiently take care of those people before I would vote on whether a new station should be built.
30610	DK / RF	East	A	If it won't raise my taxes, I'm for it.
30835	DK / RF	East	A	I thought there was second station on the east side of the reservoir. Obviously, if there is only one station at 3C Highway and Big Walnut Road, that may not be adequate to protect the citizens.
30943	DK / RF	East	A	I am familiar with the response time, and I know it takes a little too long when they have to come around the reservoir.
31197	DK / RF	East	A	I'd be for it if the population numbers support it. It would cut the response time.
31222	DK / RF	East	A	There are only two ways to get across the reservoir, and only one way in Genoa Township. The growth on the east side is increasing.
31291	DK / RF	East	A	If they need one, build it. I'd need more information.
30004	DK / RF	East	F	I would like to see a shorter response time. I'd support it if it is really needed, but I have not studied it.
30178	DK / RF	East	F	I would want to know the data they would use to decide how and why it would need to be built. If the data showed that it took them longer than normally expected to get to the people on this side of the reservoir, then I would support it.
30193	DK / RF	East	F	I would only support it based on information I read. It wouldn't cost us any more money like you said. I would want statistics on how many fires happened in the area and the average response times. I know our home insurance rates are lower when you have a fire hydrant next to you.
30523	DK / RF	East	F	I'm not sure how far east of the reservoir the township goes. As it gets built up more in that direction it may be less efficient to service it from the fire station west side of the reservoir because of the increase in traffic and the barrier of the bridge.
30734	DK / RF	East	F	I have to see the cost and how many people live on the east side of the reservoir.
31143	DK / RF	East	F	If there is a need, they should build it. It would provide a shorter response time.

**Question 14(a): Why would you support a decision to build a fire sub-station in Genoa Township, east of the reservoir?**

<b>ID No.</b>	<b>Q9: Needed</b>	<b>Side</b>	<b>Precinct</b>	
31184	DK / RF	East	F	If there is a need, then there should be one. However, it might raise taxes and we are already taxed quite a bit already.
31190	DK / RF	East	F	I think they need one over there. I've heard that they need one on the other side of the reservoir for safety reasons.
31227	DK / RF	East	F	It depends on how far Genoa Township goes out to the east. It would be nice to have one out that direction to service the homeowners in that area.

**Question 14(b): Why would you oppose a decision to build a fire sub-station in Genoa Township, east of the reservoir?**

ID No.	Q9: Needed	Side	Precinct	
3918	Yes, probably	West	L	I don't see a need. There are not many residents there.
2220	No, probably	West	B	I do not see a need for it. I have never seen a need for it because the township is too small.
813	No, probably	West	C	I don't know how much further the township goes past the reservoir.
409	No, probably	West	D	It is too small of an area. It is not needed.
2095	No, probably	West	E	It's going to cost us more money down the line. I don't have any information to suggest that they can't adequately cover that area right now.
183	No, probably	West	I	I don't think it's needed.
1275	No, probably	West	I	I would like to see that extra money be turned into lower taxes instead of just being spent it.
885	No, probably	West	J	Eventually it will affect my taxes, even though they say it won't.
678	No, probably	West	K	At this point, it is not necessary. We could use neighboring township services.
1352	No, probably	West	L	I don't live there, and taxes would be involved to maintain the sub-station. I didn't know Genoa went that far east.
3138	No, probably	West	O	I don't have enough information on if it is really needed.
427	No, probably	West	P	I would want to see statistics to justify the need for it. We are too small; I believe it is not needed.
30073	No, probably	East	A	They are already doing a really good job. It may not cost us money now, but I can see maybe five to ten years from now it would increase our taxes by a small percent.
30294	No, probably	East	A	I'm not sure if it is needed. I think there is one from Westerville around that area. I'd have to do more research to see if it would be useful and if those funds could be used for something else instead of a fire station.
6	No, probably	East	F	The response time to the east is still good considering the response time of other townships. They respond quickly. They can get to the east quickly. I think it's better than other places.
30087	No, probably	East	F	They will need money to pay fire fighters and that would probably come from taxes. There is not really a need anymore because the bridge is now fixed. They completely rebuilt the bridge so it is fine now.
30198	No, probably	East	F	There is a fire station in Orange Township close by. No matter what is said, taxes will go up.
30579	No, probably	East	F	I think they have enough fire stations that are close enough to each other that you wouldn't need another station in between. If they built one any closer, it would have to be across the street from me, but there are already two stations within five minutes of me.
30732	No, probably	East	F	I think it's adequately covered now. I know there's another fire station there. I don't know whose it is.
30817	No, probably	East	F	It always ends up resulting in more taxes. Taxes in this particular township have just grown out of control. I'm not going to support anything that would place a greater burden upon the homeowners. I'm pretty sure that the new fire station would result in additional infrastructure costs, which would then result in additional taxes.
30872	No, probably	East	F	I would not support it because it is a small area. Most of the township is west of the reservoir.
31171	No, probably	East	F	I know they can use the money in other places. They do have arrangements with other fire stations so there's really no need.

**Question 14(b): Why would you oppose a decision to build a fire sub-station in Genoa Township, east of the reservoir?**

ID No.	Q9: Needed	Side	Precinct	
31224	No, probably	East	F	It's definitely going to cost money in the long run somewhere. I think we're okay over here; just tell them to jump on the truck a little faster and get over here a little faster. Everything costs money to operate. To build a school, they need a levy for that; then, they need a levy to operate it. They say they're going to pay to build it, but you have to have money to operate it. You have to have firemen and trucks, and so forth. Where are they going put it? I don't think they're going to put it right around me because there is no room, but everybody's going to complain about where they put it.
31234	No, probably	East	F	East of the reservoir is covered by the Orange Township fire department.
726	No, definitely	West	B	It will duplicate services.
1603	No, definitely	West	B	I've been to the township meetings and they tell you one thing and do another, and for some reason they have to go to the taxpayers again.
2	No, definitely	West	D	They don't need to spend the money because they don't need the station. They don't need to spend the money just because they have it. Save the money or give it back.
2332	No, definitely	West	D	One way or another, it will raise my taxes.
2403	No, definitely	West	D	In a few years, they will have a levy to cover operating expenses, pensions, and salaries.
1290	No, definitely	West	G	If they could prove they need it, I would support it.
2913	No, definitely	West	G	I would not support it because of the budget, taxes, and the deficit. We don't have enough money.
4718	No, definitely	West	I	I believe if they have the money now, then at some point they will be taxing me for it. No one has proved to me that it is needed. What is the length of response time for that side of the reservoir and how many times have they had to go over there for the residents?
3408	No, definitely	West	J	They could use the money more wisely. I think they could put the money into the schools or give the money back to the community more directly. I would like a community pool. It would create some jobs.
3546	No, definitely	West	K	The money in the general fund should be saved for a rainy day because of the bad economy.
3	No, definitely	West	L	I do not approve of the expenditure for that, whether it comes from a general fund or a special fund. It is an ongoing expense. The cost to build it is only one part. They still would have to equip and staff it. The growth in the area doesn't justify it.
65	No, definitely	West	L	I don't even know what is east of the reservoir.
518	No, definitely	West	M	I won't support it if the budget can't afford to maintain it.
568	No, definitely	West	M	I believe it's not needed on the east side of the reservoir. The fire station now is a good enough distance away and another one is not needed; they can reach them in five minutes.
4004	No, definitely	West	M	I don't think it is needed. Even though the money comes out of the general fund, eventually it would require a tax increase. I have no knowledge of a slow response from police or fire that has resulted in the loss of life east of the reservoir.
266	No, definitely	West	N	I do not have enough information now. The houses are not burning down over there. I need more information in order to decide.
1535	No, definitely	West	N	The response time is adequate even on the east side of the reservoir.

**Question 14(b): Why would you oppose a decision to build a fire sub-station in Genoa Township, east of the reservoir?**

ID No.	Q9: Needed	Side	Precinct	
2541	No, definitely	West	N	There are other townships that help support the need when there is a fire. In the past, they have asked for money even though they didn't need it.
3168	No, definitely	West	N	We've got enough fire equipment, and we still have to pay to have more firemen to man the station. Senior citizens are tired; we are being taxed out. They built a big senior citizen center in Delaware and our taxes go toward that, but it is 35 minutes away. We have to keep paying for things that we don't really get.
4508	No, definitely	West	N	They can't spend the money. It will raise taxes even they say it will not.
1852	No, definitely	West	P	In the end, they'd still have to buy the equipment. That would cause more taxes.
2052	No, definitely	West	P	It is not needed, and it will increase taxes.
4546	No, definitely	West	P	We just passed taxes so we could have fire equipment and now are they going to spend the money on something else?
3251	No, definitely	West	Q	I don't see the need.
30617	No, definitely	East	A	I live east of Hoover, and I've had good fire service in the past. It would cost too much, no matter where the money comes from.
30731	No, definitely	East	A	I don't trust them. They would have to replenish the general fund through taxes.
31027	No, definitely	East	A	It costs too much.
31104	No, definitely	East	A	The fire trucks can get there in an adequate amount of time. They can shoot down Sunbury Road pretty fast.
31121	No, definitely	East	A	If we have that extra money, we should lower the taxes.
30336	No, definitely	East	F	We need another school first.
30524	No, definitely	East	F	We need to spend less money, not more. We need to do more with less.
30525	No, definitely	East	F	I don't want additional costs.
31192	No, definitely	East	F	I think the government spends too much money as it is and I don't think we need one.
31195	No, definitely	East	F	I heard all those fairy tales before. They will be asking for new taxes.
31357	No, definitely	East	F	I don't think it's needed. One station can cover the whole township.
1883	DK / RF	West	I	I oppose it because of the financial problems that the country is in right now.
2100	DK / RF	West	I	It is not as populated out there.
2315	DK / RF	West	M	I don't think there is a big population over there. They can't afford to pay the police and fire they have now, so why build another station? I am not sure what portion east of Hoover is part of the township. I would want to know how badly they need one. They are only five minutes from the station or three miles away as it is now. I would want to know why they want to build one there.
1558	DK / RF	West	N	That still means we have to spend money we have. The township should not spend our money for it.
30456	DK / RF	East	F	They have one already on Big Walnut Road.
31242	DK / RF	East	F	I am not convinced there is a real need for it. You don't read about any real problems with fires being out of control.

## Genoa Township Fire Sub-Station Survey

Question 16: Though you may not know for sure, how does that response time compare with the average response time nationally: would you say faster, slower, or about the same?

## Questionnaire

## Genoa Township Fire Sub-Station Survey

1. Hello. May I speak with \_\_\_\_\_, please?

(IF RESPONDENT IS ON THE PHONE, SKIP TO 3)

(IF RESPONDENT IS AVAILABLE, GO TO 2)

(IF RESPONDENT IS NOT AVAILABLE, OBTAIN CALLBACK INFORMATION)

2. Hello, (Mr. / Ms.) \_\_\_\_\_? (CONFIRM IDENTITY)

3. My name is \_\_\_\_\_. I'm calling from Saperstein Associates, an opinion research firm here in central Ohio. We are conducting a scientific survey about issues important to residents of Genoa [ge-NO-a] Township – and you have been randomly selected to participate. This is not a sales call; we are interested only in your opinions. Is this a convenient time to conduct an interview? I need about ten minutes.

(IF CONVENIENT, GO TO 4; OTHERWISE, OBTAIN CALLBACK INFORMATION)

4. Thank you. Here's my first question: When you think of problems or issues facing your community, what should your local public officials consider their highest priority? (PROBE TO CLARIFY)

5. If A is excellent, B good, C average, D poor, and F is failing, what letter-grade would you give Genoa Township as a place to live?

1. A (excellent)
2. B (good)
3. C (average)
4. D (poor)
5. F (failing)
6. DK / RF

6. Here is a short list of services Genoa Township provides local residents. As I mention each one, rate the township in that area, again, by choosing a letter-grade from A to F. Okay? Here's the first one ... (GO TO FIRST ITEM IN ROTATION, THEN READ PROBE)

(PROBE) (If A is excellent, B good, C average, D poor, and F is failing) what letter-grade would you give the township in that area?

(FOLLOW-UP) How about ...

(ROTATE)	<u>A</u>	<u>B</u>	<u>C</u>	<u>D</u>	<u>E</u>	<u>DK</u> <u>RF</u>
a. Police services .....	1	2	3	4	5	6
b. Fire services .....	1	2	3	4	5	6
c. Maintenance of the township's roads and bridges .....	1	2	3	4	5	6
d. Maintenance of the township's parks and open spaces .	1	2	3	4	5	6

7. These next few questions deal, again, with the township's fire services. First, as far as you know, how many fire stations are located in Genoa Township?

1. One
2. More than one
3. DK / RF

8. As far as you know, where in Genoa Township (is that fire station / are those fire stations) located? And, please be as specific as possible. (PROBE TO CLARIFY)

9. In your opinion, is there a need in Genoa Township for another fire station, or not?

(IF "YES" OR "NO") And, is that definitely (yes / no) or probably (yes / no)?

- |                    |              |
|--------------------|--------------|
| 1. Yes, definitely | (GO TO 10)   |
| 2. Yes, probably   | (GO TO 10)   |
| 3. No, probably    | (GO TO 10)   |
| 4. No, definitely  | (GO TO 10)   |
| 5. DK / RF         | (SKIP TO 11) |

10. Why do you feel that way; in other words, why do you feel that another fire station (is / is not) needed in Genoa Township? (PROBE TO CLARIFY)

11. If another fire station were to be built, where in the township would you think it should be? (PROBE TO CLARIFY)

12. Would you support or oppose a decision by township trustees to build a fire sub-station in the township, east of Hoover Reservoir?

(IF "SUPPORT" OR "OPPOSE") And, would you (support / oppose) that decision strongly or moderately?

- |                       |              |
|-----------------------|--------------|
| 1. Support strongly   | (SKIP TO 14) |
| 2. Support moderately | (SKIP TO 14) |
| 3. Oppose moderately  | (GO TO 13)   |
| 4. Oppose strongly    | (GO TO 13)   |
| 5. DK / RF            | (GO TO 13)   |

13. And, would you support or oppose that decision if you knew that building a fire sub-station would not require any new taxes, instead would use money from the township's general fund and fire fund?

(IF "SUPPORT" OR "OPPOSE") And, again, would you (support / oppose) that decision strongly or moderately?

- |                       |              |
|-----------------------|--------------|
| 1. Support strongly   | (GO TO 14)   |
| 2. Support moderately | (GO TO 14)   |
| 3. Oppose moderately  | (GO TO 14)   |
| 4. Oppose strongly    | (GO TO 14)   |
| 5. DK / RF            | (SKIP TO 15) |

14. Just so I'm clear: Why would you (support / oppose) a decision to build a fire sub-station in Genoa Township, east of the reservoir? (PROBE TO CLARIFY AND FOR ADDITIONALS)

15. Now, let me ask you this: If you had a fire emergency, how long would it take for a fire truck to get to your home? (RECORD IN MINUTES)

---

(IF "DK / RF," SKIP TO 17; OTHERWISE, GO TO 16)

16. Though you may not know for sure, how does that response time compare with the average response time nationally: would you say faster, slower, or about the same?

(IF "FASTER" OR "SLOWER") Would say much (faster / slower) or only a little (faster / slower)?

1. Much faster than the national average
2. A little faster than the national average
3. A little slower than the national average
4. Much slower than the national average
5. About the same
6. DK / RF

17. Finally, a few questions about you and your household. First, for how many years have you been living at your current address?

\_\_\_\_\_

18. During that time, have any of the township's fire trucks or ambulances been dispatched to your home? (RECORD ALL MENTIONS)

01. Yes, fire truck
02. Yes, ambulance
03. Yes, other (specify)
04. No
05. DK / RF

19. Do you live in a single-family home or a condominium?

1. Single-family home
2. Condominium
3. Other (specify)
4. DK / RF

20. Have you ever been to the Genoa Township Web site – for any reason?

(IF "YES") Have you been to that Web site just once or more than once?

1. Yes, once
2. Yes, more than once
3. No
4. DK / RF
